

**REMARKS/ARGUMENTS**

Claims 44-60 are currently pending in this application. The Examiner rejected claims 44, 46, 49-53, 55, and 58-60 under 35 U.S.C. §103. The Examiner indicated that claims 45, 47-48, 54, and 56-57 would be allowable if rewritten in independent form including the limitations of the base claim and any intervening claims.

The Applicants thank the Examiner for the indication of allowability of claims 45, 47-48, 54, and 56-57 and have amended claim 44 to include the subject matter of allowable dependent claim 45 in accordance with the Examiner's suggestion. Similarly, claim 53 has been amended to incorporate the subject matter of allowable dependent claim 54. Claims 45 and 54 are canceled in the present reply.

The Applicants have also added new claims 61-73. Independent claim 61 is a method claim similar to claim 44, but with the incorporation of the subject matter of allowable dependent claim 47. Independent claim 68 is a station claim similar to claim 53, but with the incorporation of the subject matter of allowable dependent claim 56. All amendments and new claims 61-73 are fully supported by the specification and/or drawings and the Applicants submit that no new matter is being introduced.

**Conclusion**

If the Examiner believes that any additional minor formal matters need to be addressed in order to place this application in condition for allowance, or that a telephone interview will help to materially advance the prosecution of this application, the Examiner is invited to contact the undersigned by telephone at the Examiner's convenience.

In view of the foregoing remarks, Applicants respectfully submit that the present application, including claims 44, 46-53, and 55-73, is in condition for allowance and a notice to that effect is respectfully requested.

Respectfully submitted,

Kwak et al.
